Abdelhak Rahmouni

Senior Frontend Developer with over 4 years of experience in full-stack web development, I specialize in React, TypeScript, and modern web technologies. I am passionate about optimizing frontend performance and building scalable, user-friendly solutions. I thrive in dynamic, international teams, where collaboration and innovation are key. Driven by the challenge of creating impactful digital experiences, I continuously seek to improve my skills and contribute to projects that push the boundaries of technology.

Oran, Algeria (Open to relocation).
